

## 7 Mountains

The seven areas of societal influence are otherwise known as the seven mountains. Many Christians have the urge to do more for the kingdom of God but need help with direction. The seven mountains are, in no particular order of importance;

-  Religion
-  Business
-  Arts & Entertainment
-  Family
-  Government
-  Education
-  Media

It's not uncommon to change mountains based upon your current assignment God may have for your life.

The results of the assessment will serve as a guide for your current mountain assignment or one in the near future that is best for you. There is a time for everything and a season for every activity under the heavens. Not everyone is called to the top of the mountain but many have passions to contribute within a particular sphere of influence as a team.

The 7M Assessment is intended to be a directional tool to guide you in fulfilling your next mountain assignment.
